## PROJECTS

---

### [Healthshield](#) – A Vaccination Tracker | MERN Stack | ZegoCloud | LeafLet.js | Tailwind CSS

- Developed a full-stack vaccination platform with two login panels for Doctors and Parents.
- Parents can book vaccination slots and video consultations, while doctors can manage all slots, create consultation packages, and oversee workflow.
- Integrated hospital verification for registered users, ensuring secure and reliable access to healthcare services.

### [VIT-Academic](#) – Student Resource | MERN Stack | Tailwind CSS

- MERN stack app for VIT Pune students to access lecture videos, notes, PYQs, and subject-wise book suggestions from the college library. Built to support first-year students.

### [Maxx Thift's/](#) – Freelance e-commerce platform for trendy thrift fashion. | Next.js| TypeScript |Tailwind CSS

- Developed a full-stack fashion e-commerce platform where users can browse products, add items to cart, and make secure payments via Razorpay.
- Built an admin panel to manage products and track orders, ensuring smooth shopping and order management.

## EXTRACURRICULAR ACTIVITIES

- 
- Participated in my first 24-hour hackathon at DY Patil, Pune, collaborating with a team to design and prototype an innovative solution, gaining hands-on experience in real-world tech challenges, rapid problem-solving, and teamwork.”
